

## KEOWEE KEY PICKLEBALL CLUB UPDATE 6/20/19

### *President's Corner*

Greetings Pickle Nation! We now have a camera! Why, you ask? The purpose of the camera is to see if the courts are playable (dry or wet) and if other people are playing. It will not be used for training, evaluating or watching continuous play online. In order to view the camera you will need to install an application on a cell phone laptop or desktop. If you are using a cellphone please understand that viewing this camera will use data. If you are on a limited data plan please consider using your laptop or desktop computer to view. Attached are three different installation instructions. They tell you where to get the app for your device and how to install it and connect to the camera.

\*Please understand that this camera only allows 7 people to watch at a time. If it won't allow you to connect it's because too many people are using it. Give it a minute and try again.

\*\*\*Also, once you are done viewing please close the app to be courteous to other possible users. A big thanks to Sam Savoca and JJ for their continuous efforts to make this happen.

Also, a quick reminder to renew membership if you haven't already and plan on doing so. You'll continue to see communications for 60 days past membership lapse, then you will be removed from the email list. If you realize you aren't getting communications, it's more than likely because your membership lapsed.
